

BACK UP TIMER DUTIES

Your job is to be there for the timers in case a watch malfunctions or someone needs to go to the bathroom. You will run a stopwatch for each race.

Before the Meet:

- Get a stop watch
- Attend the timer meeting

During the Meet:

- For each race, start your watch with the strobe light (not the horn)
- Watch for any timers to raise their hand
- If a hand goes up, go to their lane and time the swimmer
- As soon as the swimmer touches the wall, stop your watch
- Give the time to the timer with the clipboard
- Record times even if it is a DQ

After the Meet

- Give stopwatch to the Head Timer
